A.P.S. Approved Exhibition  
2017/15

Supported by The Federation of  
Camera Clubs NSW

## INTRODUCTION

This year we had the second highest number of images entered in the digital exhibition which is very encouraging. A total of 1627 images were received from 160 photographers, among these were 64 new entrants.

I would like to thank those loyal entrants who have supported the exhibition over the past years. We hope you continue to enter and support the exhibition.

During the judging we used the automatic image advancement on the judging system which eliminated the need to keep a manual record of scores. This made the judging day run much easier.

I would like to thank the judges for giving their time and expertise in selecting a wide variety of images for presentation. The quality of images entered did not make the judges selection easy.

I would like to acknowledge the Federation of Camera Clubs for their continued support in providing the Most Successful Exhibitor trophy.

A special thanks to the committee members David Daly and Cam Sutton, who work behind the scene allowing this exhibition to run smoothly.

Next year is our 30th anniversary of the exhibition and we are hoping to have a record number of images entered and your support in achieving this would be greatly appreciated.

*Martin Regan* AAPS  
Exhibition Chairman
